Rahul Solanke

B.Tech Computer Science Engineering Student

+91 7796805626 solanker519@gmail.com linkedin.com/in/rahul-solanke-b1a670284

Summary

Final year B.Tech Computer Science Engineering student with hands-on experience in IoT, AI/ML, healthcare AI, and full-stack web development. Published researcher with expertise in deep learning, embedded systems, and building impactful real-world solutions through research, hackathons, and industry projects.

Skills

Programming Languages: C, C++, Java, Python, JavaScript
Web Technologies: HTML, CSS, REST APIs
Frameworks & Tools: React JS, Node.js, Flask, OpenCV, Git, GitHub, Excel
Databases: MySQL, MongoDB
Domains: Full-Stack Web Development, Artificial Intelligence, IoT, Data Analytics, Cloud-Based Applications
Core Concepts: Data Structures, Object-Oriented Programming, Problem Solving, Data Analysis, Basic Statistics

Education

Vishwakarma Institute of Technology, Pune **Aug 2023 – Present**
B.Tech in Computer Science Engineering *CGPA: 8.88 / 10*

Project Experience

MealBridge Website **Developer**
React JS | MongoDB
– Built a platform connecting hotels and NGOs to facilitate surplus food donation.
– Implemented donor–receiver matching logic to reduce food wastage.

Seva Sahayog (Hackathon Project) **Full-Stack Developer**
React | Node.js | MongoDB
– Developed a donation platform with donor, receiver, and admin verification modules.
– Presented the solution at Mastercard Code for Change Hackathon. Certificate

SmartShield: IoT-Based Safety System **Researcher & Developer**
ESP32 | IoT | GSM | GPS
– Designed a wearable safety device with GPS tracking, GSM/Wi-Fi alerts, and fingerprint authentication.
– Published at ICFT 2025.

Real-Time Multimodal Anaemia Detection System **Researcher & Developer**
Deep Learning | CNN | Healthcare AI
– Developed a non-invasive anaemia screening system using image analysis and physiological signals.
– Published at IDCIoT 2026.

Research Publications

- **SmartShield: IoT-Based Safety System with Emergency Alerts** – *2025 International Conference on Future Technologies (ICFT)* DOI
- **Real-Time Multimodal Anaemia Detection Using Deep Learning** – *2026 4th International Conference on Intelligent Data Communication Technologies and Internet of Things (IDCIoT)* DOI
- **Investment and Finance Advisor Bot** – *Atlantis Press Conference Proceedings* Link

Achievements & Certifications

- 2nd Runner-Up at *Nirman 3.0 Hackathon* for developing *Innovestia*, a startup–investor matchmaking platform. Certificate
- Participated in the Mastercard Code for Change Hackathon and developed a full-stack social impact solution under mentorship from Mastercard professionals. Participation Certificate
- Google Data Analytics Professional Certificate – Coursera Certificate
- Artificial Intelligence Certification – Infosys Springboard Certificate
- Prompt Engineering Certification – Infosys Springboard Certificate
- Introduction to Data Science – Infosys Springboard Certificate

Volunteer Experience

- **Event Organizer — Blood Donation Drive:** Organized and led a successful blood donation event during the first year of B.Tech.
- **Technical Secretary — Ekasutram Mathematics Club:** Led website development and coordinated technical initiatives.
